20 July 2016

Dear Professor Rangel

Special Issue of Fungal Biology: Fungal Stress

As Senior Editor of *Fungal Biology*, I am pleased to support the production of a Special Issue of *Fungal Biology* on *Stress in Fungi* based on contributions from your Symposium on *Fungal Stress* to be held in 2017. The international profile of *Fungal Biology* would provide an excellent showcase for this important topic, as well as illustrating the scientific contributions from research groups in Brazil and internationally.

I look forward to learning of developments in due course as the programme and contributions are finalised.

Best wishes,

Yours sincerely,

A handwritten signature in black ink, appearing to read 'G. M. Gadd'.

Professor G. M. Gadd FRSB, FLS, FAAM, FLSW, FRSE
Head, Geomicrobiology Group
Former Head, Division of Molecular Microbiology
Senior Editor, *Fungal Biology*
